

Did you know?

- ❖ Thin@ is a product of a Croatian company RIS – a company which, with its 35 employees makes one of the largest companies in the Clarion community and one of the largest software companies in Croatia.
- ❖ We have been developing business software in Clarion for over 20 years, and our clients are large, public and privately owned companies.
- ❖ We were the first in our country to take part in the cloud revolution and have developed one of the first Croatian ERP systems.
- ❖ Dissatisfied with solutions at hand, we have developed a tool for our needs, which enables work in Clarion applications over the Internet in a simple, fast and secure manner – Thin@.
- ❖ We have been using Thin@ every day for over 10 years, and are continually upgrading and perfecting it!
- ❖ Knowing that it is important to have a reliable and safe tool, we have offered it to all Clarion users, making their way to business success easier!
